

Rowdy's DirtBall™

A New Jobsite Debris Tarp from

Lewis Canvas Products

This new Lewis Canvas product is a convenient way of keeping the job site cleaner, saving time, and making customers happier.

The tarp is made of heavy-duty, rubberized canvas and is equipped with lifting handles. The tarp can be filled with dirt or other worksite debris. The handles are made of tough tubular nylon webbing and can be used to lift the tarp mechanically using a crane or other similar devices for backfilling or taking the debris away.

Rowdy's DirtBall models come in two configurations in a variety of sizes and colors to suit your needs. The V-notch models allow you to get the tarp even closer to your work.

Optional Colors: Gray, Red, Blue, Black, and Orange
